Core Values

Golden Rule

We treat our customers, partners, and each other the way we would want to be treated. We believe that customers > company > self.

Carry the Ball

We are accountable to ourselves and our team. We are reliable in everything we do.

Team Player

We exhibit honesty, integrity, and transparency in all we do. We exhibit empathy and help each other be great.

Go Beyond

We embrace innovation and creativity. We are committed to excellence and exceeding expectations.

Enjoy the Journey

We recognise great work and celebrate success. We have fun getting it done!

Value Statement

We are an experienced solutions provider with over 30 years knowledge and expertise in the design, distribution, thermoforming and fabrication of semi-finished plastic products; enabling us to effectively design, develop, trouble shoot, problem solve, prototype, produce and support you through all your plastic requirements. Trust us with your problem, we will find a solution!

Mission Statement

To provide superior quality solutions in the design, distribution, thermoforming and fabrication of semi-finished plastic products that CLIENTS recommend to their peers, family and friends, SUPPLIERS are proud to be associated with, EMPLOYEES are proud of, and INVESTORS seek for long term returns.

Vision Statement

To be the best solutions provider in the design, distribution, thermoforming and fabrication of semi-finished plastic products. To continuously improve and achieve long-term sustainable growth and profitability to the benefit of all employees and stakeholders and to make a social and economic difference to our local area and the environment as a whole.

Sustainability Statement

We will apply our sustainability principles to create a responsible business of the future, an environment with a future, and a society for our future.
